Come inside

and read about the

Does the non-stop laughter of the fat lady from that long gone funhouse still echo in your ears? Does the pungent smell of grease and electrical sparks conjure up memories of your first terrifying darkride as a child? Did you find yourself wobbly legged after your first trip through the Noah's Ark? Do you remember the thrill of that first stolen kiss in the old Tunnel Of Love? If any of these spark a memory, then this is the organization for you!

WE KEEP OUR
MEMBERS IN
THE
DARK!™

DAFE is a joint effort of fans, like you, who share a fascination for these attractions whether they be located at amusement parks, fairs, or carnivals. While enjoying these attractions is an important part of the Darkride and Funhouse Enthusiasts, the documentation of these attractions past, present, and future, is another crucial aspect. Promoting these rides and aiding in the restoration of the older, irreplaceable attractions are also important functions of the organization.

At one time, the funhouse and the darkride were staples at amusement parks across the country but they slowly disappeared. Likewise, the haunted house, Noah's Ark, tunnel of love, tilt house, haunted swing, mirror maze, and other related attractions that were once common have long since been removed from most parks. While there is a renewed interest in darkrides today, the funhouse and other attractions are becoming increasingly rare. The Darkride and Funhouse Enthusiasts are concerned with the loss of those great attractions and feel it is important to visit those that remain and to support the parks that have retained theirs.
